

**MOISTURE CONTROL FELT
INDUSTRIAL GRADE ANTIMICROBIAL PRODUCTS**

Characteristics

- Commercial Aircraft Moisture Absorber
- Absorbs up to 1000% Moisture by Weight
- Lightweight, Conformable
- Non-Hazardous
- Exceeds FAA Flammability Requirements:
 - 12 second vertical
 - 60 second vertical
 - smoke density
 - toxic gas generation

Properties

- Thickness (inches): 0.090 / 0.250
- Weight (oz/yd²): 6.5 / 11

| Industrial Grade | |
|--------------------------------|--------------------|
| Description: Nomex Felt | Referencing |
| B3652-93F, 0.090" | BMS 8-242 |
| B3652-93F-3MA, 0.090" | BMS 8-242 |
| NFA 2505, 0.250" | BMS 8-242 |

Prices are available upon request.
Quotations available upon request for products manufactured to alternative specification requirements.
